

WIRE INSERTED GREEN STRIPE[®] HOSE

Product Type:

Cooling Systems

Recommended for:

Flexible, longer-length radiator hose replacing various shapes of curved hose. Built-in spiral wire enables it to bend to any shape, with minimum strain on radiator and engine connections. The hose withstands high vacuum.

Resistant to:

Abrasion, weathering, grease and oil drops.

Construction:

Shape: Straight
Tube: Nitrile (NBR)
Reinforcement: -
Wire: Vulcanised Metal Wire
Cover: Neoprene

Standards:

SAE Norm SAE 20R5 class C
Din Norm -

Temperature:

-40°

+125°
